Local Attorney Plans To Run For Congress

By BETSY ROSSEN

The 1976 campaigning and elections hold the promise of increased interest to Antioch voters. F. James Lumber has announced that he wants to be the Democratic candidate for U.S. Congressman, the post now

held by Robert McClory, R-Lake Bluff.

Last Thursday Lumber met with the Lake County Democratic party's Candidates Search Committee, a group of about 30 precinctmen who make recommendations to the party's committeemen.

LUMBER SAID Friday that he will be a candidate with or without the recommendation, and he is encouraged by offers of support from both major parties.

Concern for adequate representation for the district, particularly west Lake County, is the major impetus in his decision, Lumber said. He believes McClory's 14 years in Congress warrant higher priority treatment for his constituents, citing "bureaucratic stalling" in 1972 flood relief.

"I'm interested in the quality of influence asserted," Lumber says.

FACTORS LEADING to his

announcement to run were of a dual nature: theoretically and practically. First, he sought to determine "how effectively a Please turn to page 2

Oakwood Knolls' Rusty Water To Be Cured

After nearly 40 minutes of deliberation the village trustees tabled a decision on water main contracting until the regular board meeting next Monday.

This week's meeting called for the opening of bids and awarding of a contract for the Depot St. water main extension and Anita St. main replacement.

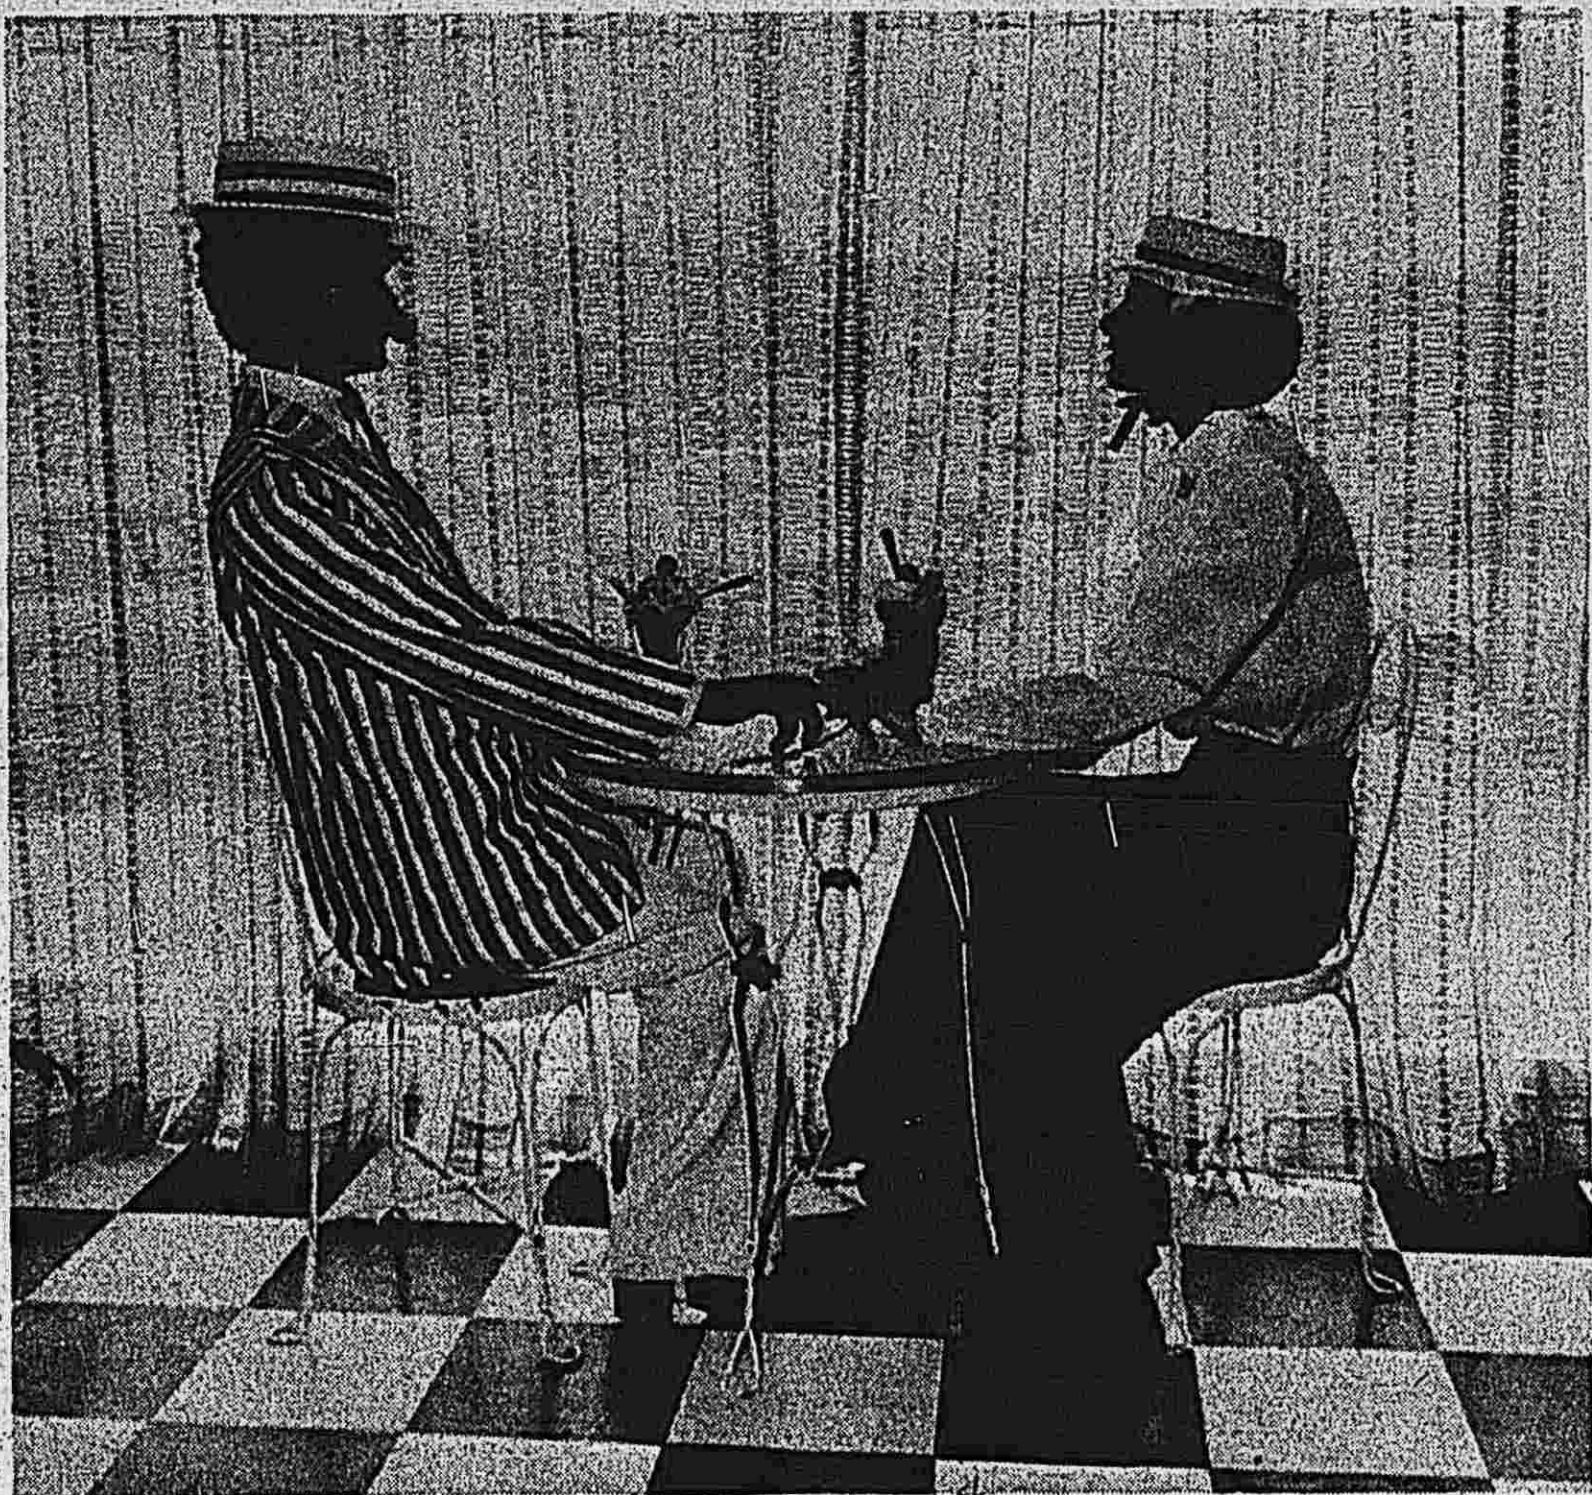

A new main is being installed on Depot to improve water circulation and solve rusty water problems in the Oakwood Knolls and Village Green subdivisions. The present Anita pipe is in very brittle condition, and plans call for the new main to be enclosed in plastic or poly-vinyl so peat cannot attack it.

AWARDING OF a contract for the combined project was complicated because none of the five bidders were low for both phases. Roger Patzer, village engineer in Frank Angelotti's absence, recommended awarding the Depot extension to George W. Ken-

A CHECK FOR \$2,500 was presented by Bill Yucas (left) of the Lions Club to Bob Yanca last week as Lions' president, Earl Stringer (right) enjoyed the ceremony. Bob, the owner of Smiley's Corner tavern, won first prize at the recent Lions Club picnic. He had his choice of \$2,500, a new Chevrolet, Dodge, Pontiac or Ford, or a trip to Paris and Rome plus \$1,200. In a difficult decision, he took the money.

person can affect the governmental processes." Second, he examined the practical features of the job, including the financial aspects.

Organization and structure is the next thrust of his efforts, for he hopes to have the campaign in high gear by spring. A question yet to be settled is whether to enlist the aid of professional organizers.

"But first I need to get some overview, then work on structure," he added.

Lumber has been getting some pointers, however, from Democratic campaign coordinators and area congressmen,

including Abner Mikva, Paul Simon and Martin Russo.

THE CANDIDATE is looking forward to campaigning, seeing the departure from his law practice as an "enjoyable experience, with lots of walking and knocking on doors." He is optimistic about support in the normally Republican area west of Rt. 45, as well as the traditional Democratic strongholds.

He served as Sen. Adlai Stevenson's West Lake County campaign committee chairman in last fall's election. He is a past president and current member of the Lake County Board of Trustees.

Lumber and his wife, Barbara, and their two sons live in Round Lake. He joined Ted Larson's law office in Antioch in 1969 following a partnership in a Waukegan firm.

A native of Waukegan and a graduate of the Fox Lake area school system, Lumber was graduated from Marquette University with majors in English and philosophy. He has a master's degree in English.

He taught English and coached football at Grant High School three years before entering the University of Michigan Law School.

Communists Increase Spy Activities Here

A forgotten section of the Rockefeller Commission report on domestic activities of the CIA contains ample reason why America's intelligence community must not be destroyed.

The section reported that nearly 2,000 various Communist government officials currently are stationed in this country "and a significant percentage of them have been identified as ... intelligence officers."

Vice President Nelson Rockefeller complained recently on a Meet the Press program that "very little attention" had been paid to the part of his commission's report on Communist operations in this country. He declared the Communist world has "not only in human intelligence, but in technological intelligence, capabilities for violating the privacy of American citizens on a far larger scale than anything we found in relation to the domestic activities violations of the CIA."

THE REPORT stated flatly that the United States would remain the No. 1 intelligence

target of the Communist bloc nations.

The report listed the following Communist espionage programs:

1 - Heavy spending to collect information on our military capabilities, weapons systems, defense structure and our social divisions.

2 - Efforts to penetrate our intelligence services, compromise our law-enforcement agencies, and recruitment, as Communist agents, of U.S. citizens holding sensitive jobs in

government or industry.

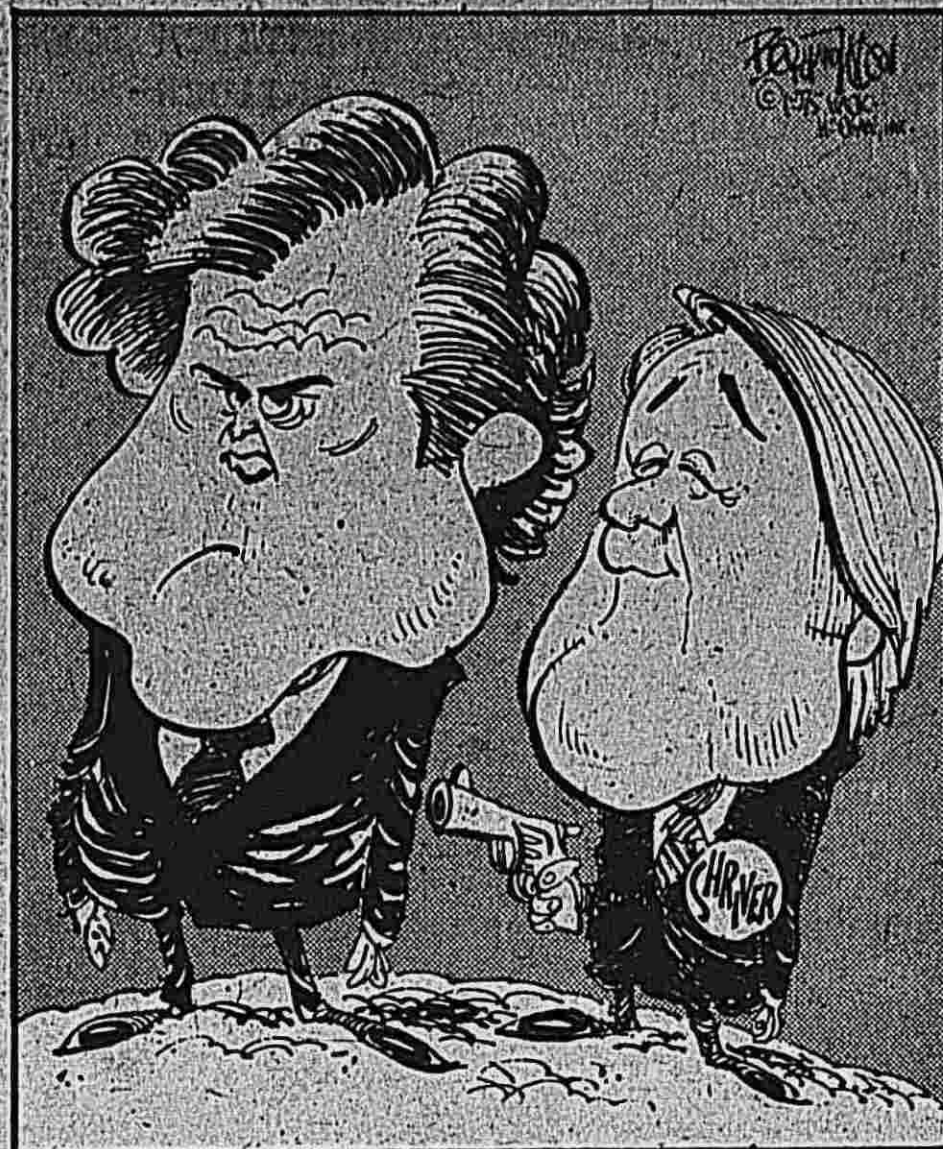

3 - The "common practice" in the Communist bloc countries of inspecting and opening mail sent to or from the United States.

4 - Development of highly sophisticated electronic equipment for use in the United States and elsewhere, enabling the Communist bloc countries to monitor and record "thousands of private telephone conversations."

THE COMMISSION report stated that "Americans have a right to be uneasy, if not seriously disturbed, at the real possibility that their personal and business activities they discuss freely over the telephone could be recorded and analyzed by agents of foreign powers."

"This raises the real specter that selected American users of telephones are potentially subject to blackmail that can seriously affect their actions or even lead in some cases to recruitment as espionage agents."

The commission estimated that the number of Communist-government officials in the United States has tripled since 1960 and is still increasing. It added that the intelligence opportunities for our adversaries are immeasurably greater in an open society such as ours than in a closed society such as theirs.

"...So, Because Of Family Considerations, I Am Absolutely Not A Candidate Again."

'Catch the Chicken' Criticized

The Antioch Rescue Squad is truly the pride of Antioch. The dedicated and high quality service the squad members render all of us through their instant and intelligent response to emergency calls surely deserved our support and respect.

Since this fine work serves also as an example to our young people, may I urge you to keep that function uppermost in mind

in planning future programs for the annual Lions Club benefit. The "catch the chicken" feature was not only brutally cruel, but a horrifying spectacle and unfortunate example for the children whose heroes you deservedly are.

Very truly yours,

Food for Thought

"Young people today are better prepared for citizenship than any previous generation in history.

"They are better educated, better informed and more mature."

These comments were made by Illinois Secretary of State Michael J. Howlett and are worth repeating. They provide food for thought for those who are too eager to rap today's young men and women.

In 1858, when Abraham Lincoln and Stephen Douglas debated the great issues of their time right here in Illinois, very few members of the crowds that heard them had completed a high school education," Howlett points out.

In less than a dozen years our nation has withstood catastrophes that would have led to anarchy anywhere else in the world.

First president John F. Kennedy, then Senator Robert F. Kennedy and Dr. Martin Luther King were murdered.

A Vice President, then the President of the United States resigned under fire.

"Fifty-six thousand American lives were lost in a war we never should have fought," Howlett said.

"Now we are experiencing inflation and the highest unemployment of your lifetime.

"Any one of these misfortunes would have been enough to topple governments elsewhere in the world.

"Any combination of them

A convention is an event at which people wear name tags so they know who they are after the hospitality hour.

IT'S AMAZING how obtuse I can be at times.

Last week I asked Phil Laurin to play golf with me on Sunday morning.

Since Rev. Laurin is the pastor of St. Stephen Lutheran Church, I should have suspected he would be busy that morning.

UNFORTUNATELY, there probably won't be a rematch of last Saturday's "World Series of Softball," in which the Antioch

firemen outslugged the village employees 12-11.

"They're chicken," suggested Scotty Lowe, star pitcher and home run hitter for the village crew.

"No," said Dale Frasch, sitting next to Scotty. "We're just savoring our victory. Besides, we're booked solid."

"Sure," said Scotty, "their next game is against the Ladies Club."

Dale said the Antioch firemen are planning games against the Jaycees, the Lake Villa firemen and maybe the Little League managers.

How did the firemen manage to beat the village crew, with all of its athletic talent?

nedy of Deerfield at \$44,175 and the Anita replacement to Kuch & Ingram of Russell at \$18,726.

Pratzer stated that contracting the two companies rather than one would mean a \$1,600 savings to the village. Kennedy was present at the meeting and agreed to the split, but a Kuch & Ingram representative was not present to respond, necessitating a week's delay on a contract awarding vote.

Environmental Protection Agency approval was recently given to Antioch's new sewerage system ordinance, so a new wording of the ordinance was explained by Harold Warren of Warren & Associates, a bonding company. He said the additions to the ordinance reflect meetings with and analysis work by the EPA.

THOUGH THE new wording does not affect the new rates passed this spring, it does provide further explanation of rates and definitions. The ordinance also provides for an industrial cost recovery program, by which the village pays back to the federal government 80 percent of what is collected from industry. Though it costs more to administer than to collect, the program is a condition of the federal grant awarded for the new sanitary plant construction.

Trustee Diane "Willie" Kasik reported that owners of the Willowdale property behind the Williams Park tennis courts will be contacted about fire and safety hazards. They will be asked to clean and secure their building, and remove a truck and old refrigerators.

Action is also being taken on problems caused by Bell Fuel tanks at the east end of Williams St. The owners will have 10 days to make repairs or remove bulk tanks, or the board will take legal action to do so.

Harland Bartholomew & Associates will meet with the plan commission at 7:30 p.m. Thursday night to discuss a feasibility study on a downtown parking lot east of the stores on Main St.

Midnight Madness To Include New Costume Contest

Antioch youngsters are being invited to create a "Bicentennial Theme Costume" for the Midnight Madness celebration.

The Chamber of Commerce and Industry will present the annual event on Thursday, Aug. 21, and the costume contest will be part of the Midnight Madness fun.

The contest is open to all children under 14 years of age.

Assembly and judging of the contest will be at 6:30 p.m. by the water tower cannon on Broadway.

Judging will be based on originality and pertinence to the theme of the U.S. Bicentennial celebration.

Winners will be awarded prizes donated by local merchants and all entrants will be served ice cream during the judging, which will take place before the Scarlet Knights Drum & Bugle Corp. exhibition.

At 6:30 the Scarlet Knights will present a half-hour exhibition on Broadway Street.

Following the performance

by the Scarlet Knights, the fire department will hold water fights.

Participating stores will

reopen from 7:30 till midnight. Free popcorn will be served until midnight and a pajama judging contest open to all ages will climax events planned by the Chamber's retail committee. The pajama contest will be judged at 10:30 p.m. by the water tower cannon with prizes donated by local merchants.

ABC's of Travel

By BARB CORBIN

I hear this everyday! Why go to a travel agency anyway? The travel wise clients have several good reasons why they choose to do business with us.

1. In a travel agency they find all transportation companies and all hotels under one roof. They don't waste their time and energy outlining their travel needs to a number of companies, nor is there any waiting in line for tickets. One call to the travel agency usually disposes of the entire travel problem.

2. Since a travel agency represents all companies, we give the passenger our unbiased opinion based on a clear, comprehensive picture of all routes, schedules and modes of travel. Knowing the individual's particular travel problem, we can impartially recommend the best, most economical, and most comfortable way to reach a destination or accomplish a purpose.

3. We know the travel business from the inside. When the traveler finds it difficult or impossible to secure reservations, we use our own personal contacts by visit, letter and phone to put together the necessary ingredients. Result: one more happy client.

4. Finally, by putting all your arrangements in the hands of one interested, qualified travel counselor, your proposed journey emerges as a complete and coordinated picture with each unit matched from the time you leave until the time you return.

One call does it all! Whatever you have in your travel sights, phone or stop by your local travel agency and they will be delighted to help with your travel plans. The best part, the cost is ZERO for this professional service and at the same time your free time is yours. If that isn't a bargain I don't know what would be.

A brief talk was heard from Governor of the Lodge, Jim Page, and Judy Page gave a moving account of her weekend in New York, where she recently received the Star Recorder degree. Judy told of some of the work involved in

earning the degree.

Charter member May Palmer who was a Star Recorder in the good old days (25 years ago) told how difficult the job was then, mainly because they had no adding machine to do the audits.

Saturday, Sept. 20 is the date for the popular balloon dance, featuring the George Daisey Trio. Moose members and guests are invited.

Old Farmer's Riddle: What will go up a chimney down, but won't go down a chimney up? (Answer below.)

Ask the Old Farmer: I never have seen a letter in your column from this state and I feel Colorado should have representation. We have a lease on a gold mine and we'll send you a lump. It's beautiful, M. G., Colorado Springs.

Now, this will be something! The only gold I own is so located that we can't see it except with the aid of a look-

ing glass and not too well at that! Now Colorado has been represented.

Home Hint: To add extra life to sweaters beginning to wear thin at the elbows, cut a piece of nylon mesh hose and sew it to the inside of the sweater sleeve at the point of weakness... *Riddle answer:* An umbrella.

OLD FARMER'S WEATHER FORECASTS

New England: Week begins with torrential rains, then general clearing by midweek; showers by weekend.

Along the way with ANNIE MAE

The best of luck and much happiness to Christy Arendt and John C. Coolidge who tied the knot on Aug. 11 in Land O'Lakes, Wis.

Christy teaches girl's P.E. at Antioch Community High School and her new husband is employed by Soland's Landscaping. There has been a great deal of speculation about this wedding date among the staff and students at ACHS. Wonder who guessed right? Number One never thought you'd get married Chris!

ANTIOCH'S FIRE Fighters had a big weekend. They participated in the water fights at the Lake Villa Days celebration and placed second to Lake Zurich. Not only that, but the Antioch Ladies' team got into the water fight competition and they won a second place trophy, too.

Also, the firemen pulled a big upset when they beat the village employees 12-11 in their exciting Saturday night softball game at the Little League park.

The village employees, with some young athletes in their lineup, were expected to win but those firemen, who were pretty good athletes a few years ago, showed they can still play softball.

They were surprised that they won, and some of the guys had a few aches and pains the next couple of days, but they were smiling.

Hear tell the pool party at the Aqua Center after the game was a winner for members of both teams!

TODAY, WEDNESDAY the 13th, is a day full of birthday celebrations in our community.

Among those celebrating are Mark Kasik, Gladys Fish, Dianne Costoff, Neil Lulofs, Julie Cunningham, Steve Alberts and our dear friend Barb Rush.

And a belated Happy Birthday to Linda Kreisant, who celebrated her 20th on Saturday, Aug. 9. Linda, who is working at The Vault Restaurant, plans to transfer from the College of Lake County to Lake Forest College in January.

Oh, to be 20 again!

BE SURE to see the big advertisement on page 7, and clip the Maalox coupon and take it over to the Piggy Bank Discount Drug Store. A \$1.98 value for only 99 cents. Super Summer Sale at the Piggy Bank!

SPECIAL GOOD wishes to Art and Helen Wegner, who celebrated their 40th wedding

anniversary on Sunday, Aug. 10.

THE ANTIOCH Lions Club is getting ready for one of its biggest events of the summer... the annual bus trip and golf outing next Wednesday, Aug. 20.

Last year the Lions had a fantastic time when they traveled to Green Lake, Wis. This year they have selected a course closer to home, the spectacular Rainbow Springs layout near Mukwonago.

Remember back when only rich people played golf?

The first step toward attaining perfection is to acquire a wife to point out your faults.

If you and your neighbor's dog are on good terms, offer to "pet sit" when his master goes away.

Don't jump to conclusions about your neighbors. If one is a member of the Teamsters Union, don't assume he's the stereotyped truck driver. A teamster may be a leader in the United Way campaign, a deacon in a church and a very good neighbor.

When your child and a neighbor's child have a serious quarrel, remember that the neighbor probably thinks that his child is right, also.

'173' To Be Widened and Resurfaced

The Illinois Department of Transportation has announced the awarding of a contract for the widening and resurfacing of Rt. 173 from Rt. 83 in the village of Antioch to Interstate 94 east of Antioch.

The work will consist of widening and resurfacing with bituminous concrete and includes reconstruction at various locations and modernization of the traffic signals at the

intersection of Rt. 173 and U.S. 45.

The award was made to Lakeland Construction Company of McHenry on their low bid of \$1,757,396. They expected to start work this week and have 130 working days in which to complete the project.

Drivers are cautioned to be alert to barricades, warning signs, run-a-round detours, lights, contractor's equipment,

traffic and temporary traffic signals at the intersection of Rt. 173 and U.S. 45.

Deep Lake Road will be

closed at Rt. 173 for a period of about two weeks during construction for the purpose of making a grade change.

Lake Villa Lions Hold Flea Market

"Help the Lions help the blind" is the request of the Lake Villa club as it continues plans for its Flea Market and Auction, Saturday and Sunday, Aug. 16-17.

Scheduled for 9 a.m. to 7 p.m. Saturday and 12 noon to 7 p.m. Sunday, the event will support the Lions' work to aid the visually handicapped in the area. The market will be

located on Grand Ave. next to St. Mark Lutheran Church in Lindenhurst.

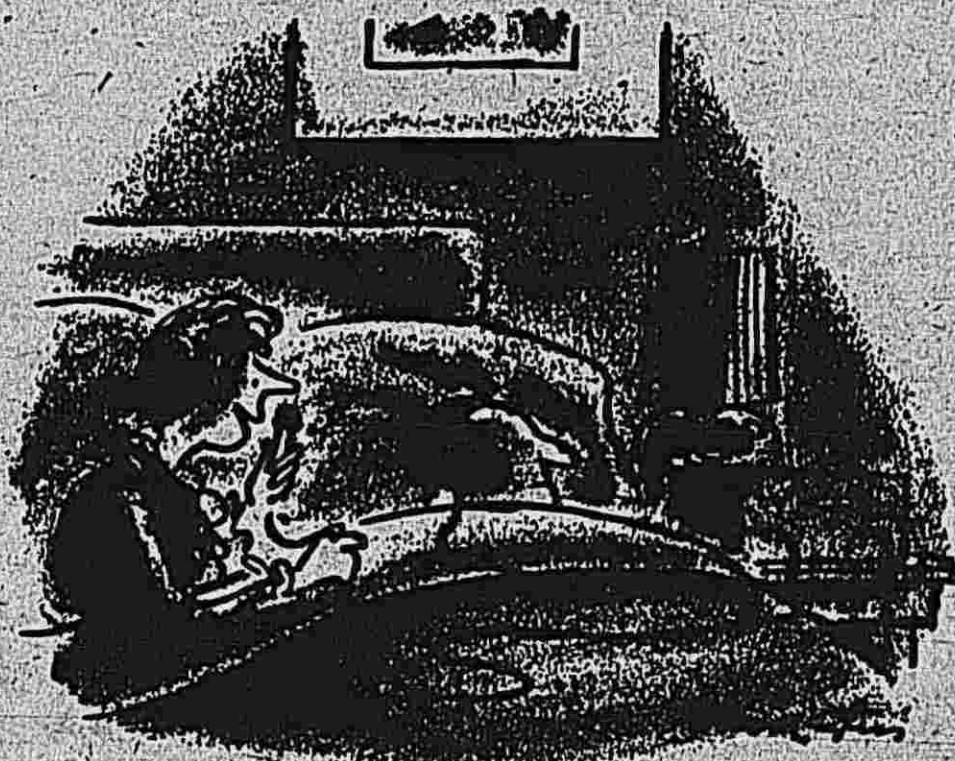

The Lions provide transportation, clothes and money for leader dogs, eye examinations, glasses, treatment, operations and transplants. In addition, the club sponsors children at Camp Lions, located off Grand Ave.

Members are urging area residents to donate old gifts,

antiques, furniture and any other items of value for the auction. Flea market space rental can be obtained by calling 356-2123. That is also the number to call for information on the sale and auction.

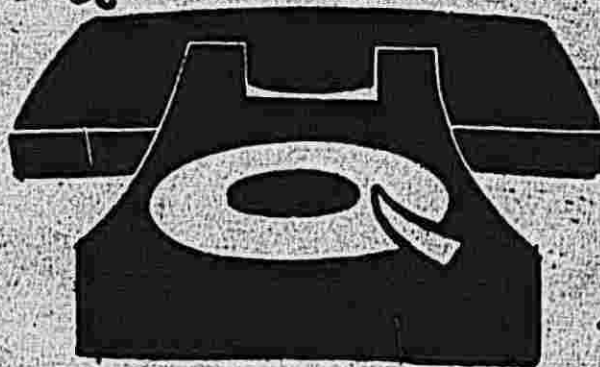

Among refreshments available at the event will be bratwurst at a wagon sponsored by the Gagewood Lions.

Rain dates are Aug. 23 and 24.

"Tonight, Herman, instead of your usual dull lesson on executive advancement, you are going to hear the first of an exciting new series entitled 'The Changing Role of Women in the '70s.'"

Your Guide to Fine Dining and Excellent Entertainment

THE Entertainer

Try a salad at lunchtime

If we were to rate daily meals in terms of importance to our health and energy, lunch would place a strong second to breakfast and for the same reasons — restoring energy and preparing the body for the next period of activity.

It is traditional in some European countries to have the main meal at mid-day. Our society, however, is not organized to make this convenient. (I'm not counting those Americans who eat a big lunch and a big dinner.)

Lunch often presents the

biggest challenge for selecting a menu that is nourishing and appetizing and yet not weight producing. Too many lunches consist of a sandwich with potato chips or French fries and cake or pie.

Those people who are required to watch their weight will complain that their lunches are restricted to salads. However, you can restrict yourself to salads without being, in the least, restricted in variations. There are as many ways to prepare salads as there are ways to

prepare ground meat.

As an example, for the base of a salad you have a choice of Boston lettuce, iceberg, Romaine, escarole, watercress, fresh spinach, endive, chicory, bibb or butter lettuce. You have a further

choice of red and white cabbage, asparagus, string beans.

To any of these you can add tomatoes, radishes, celery, cucumber, raw cauliflower, onions, garlic, beets, or concoct almost any combination of vegetables.

WHERE IN THE WORLD ...

CAN YOU GET A GOOD OLD-FASHIONED MEAL?

Right Here in Antioch!

At THE VAULT Restaurant, of course.

Have you noticed how people are flocking to the corner of Lake and Main? That's because THE VAULT serves the best food in town.

Astro-Analysis

By Sonia

ARIES [March 21 - April 19] — Although colleagues are willing to offer their services, you work better on an independent basis this week. Avoid the temptation of getting involved in matters which require binding agreements.

TAURUS [April 20 - May 20] — Deal with people who are experienced and more knowledgeable about matters you're interested in. Consider every angle before making any major changes.

GEMINI [May 21 - June 21] — Keeping consistently at a sound pace insures the steady progress you strive for. Be sure you are aware of what goals are, so valuable time isn't wasted spinning your wheels.

CANCER [June 22 - July 21] — Maintaining a good rapport with friends and neighbors helps keep self-confidence high. Make every effort to face important issues head on.

LEO [July 22 - August 21] — Try to wrap up important projects you've been busy with by the weekend. Take some much needed time off for leisure after obligations are fulfilled.

VIRGO [August 22 - September 22] — Be precise and clear in expressing your feelings; you get more accomplished now by being forthright and direct. Rely on past experiences to aid in making decisions.

LIBRA [September 23 - October 22] — Be selective when it comes to choosing the company you keep this week; tendency leans toward gossip. Avoid situations which are questionable.

SCORPIO [October 23 - November 21] — Establish new policies that provide you with enthusiasm, stimulating new potential. Encouragement comes from peers as you set out to create new interests.

SAGITTARIUS [November 22 - December 20] — If things don't develop at the pace you anticipate, move on to other interests to avoid wasting valuable time. Concentrate on establishing firm roots.

CAPRICORN [December 21 - January 20] — Being open minded and giving other people a chance to speak out is necessary if you expect to reach full potential this week.

AQUARIUS [January 21 - February 19] — Far-fetched ideas may seem out of reach now but by using your ingenuity achievements can be made. Plan your strategy with care.

PISCES [February 20 - March 20] — Don't get bogged down with activities that affect personal affairs. Keep everything focused on outside events. Risky speculative ventures are not to be considered now.

HOLLYWOOD HOTLINE Blake defends violence on TV

By NANCY ANDERSON

HOLLYWOOD — "Baretta," which took a big jump in the ratings in Los Angeles when it was moved to a new time slot there, was given the same new berth Wednesday at 10.

On the strength of the show's performance on Wednesday's across the country the show will be scheduled or rejected for the fall.

The first time "Baretta" aired on Wednesday in Los Angeles, it took a 38 per cent share of the audience and placed first in the time slot; while, on its second Wednesday outing in Los Angeles, it did even better, claiming 41 per cent of the viewers.

And, since Los Angeles viewers are more like viewers nationwide than are, say, New Yorkers, the "Baretta" producers are predicting their series will catch on coast-to-coast the way it's scored in southern California.

However, even if ratings zoom sky-high, the show will still have to contend with

critics who complain that it's too violent.

Bob Blake, the rough diamond who plays Baretta, defends the tenor of the series as therapeutic. Short, dark,

blunt-featured, Blake has the screen impact of a young Edward G. Robinson.

He made his stage debut at 2, appearing in a family song-and-dance act. He spent five years as a member of "Our Gang" and, later, was Little Beaver in the Red Ryder movies, so his was scarcely a normal childhood.

Nevertheless, with two children of his own whom he allows to watch whatever they wish on television, he thinks he knows what screen violence does to and-or for the average kid.

"I think the issue of violence on television is a straw man that people have fun punching around," Blake says with a Dead End Kid accent and a Little Caesar frown. "Literature, going back to the Bible and before is filled with it. You know the story of Hansel and Gretel and the witch in the oven?

And of David and Goliath?

"Make-believe violence saved my life. I used to sit at the radio and listen to 'The Shadow' and 'The Green Hornet' and all them cats, and I could go to sleep after that because I'd cooled down."

"I used to listen to 'Gangbusters' and 'The FBI' and none of that ever taught me to do anything wrong."

"As a matter of fact, I would have been a lot worse off without that fantasy violence."

"My children are 9 and 10 years old, and I don't see anything on television they

shouldn't watch. Actually there's a lot that isn't on television that they should watch, and maybe somebody will do something about that."

"There are a lot of serious things wrong with television, but violence isn't one of them. My greatest criticism of the medium is that it's not grow-

ing up fast enough.

"But I have that criticism of everything, psychology, psychiatry, the new philosophy. I wish they'd all grow faster."

As for the effect an acting career may have on a young child, Blake says it's no more traumatic than TV truculence.

"I think I was insecure going into 'Red Ryder' and I was insecure coming out."

Antioch Jaycees Take 50 Kids to Ballpark

For the third successive year the Antioch Jaycees treated 50 local youngsters to an old-fashioned day at the ballpark last Thursday.

Though the Boston Red Sox downed the Brewers 4-2 at Milwaukee's County Stadium, the kids enjoyed a chance to see Home Run King Henry Aaron.

Jaycees supervising the trip

were Bill Anderson, Mark Crawford, Sue Dubs, Bob and Sheila Eisen, and Chuck and Barb Spillner.

The trip was made possible by the generosity of contributors to the recent Jaycees Highway Holdup and Swan Liquors, Ken-Wal Dodge, Lyons-Ryan Ford-Mercury and John Teresi Chevrolet Oldsmobile.

Ken Swan donated the soft drinks while the automobile dealers helped provide the transportation.

SOME OF THE hungry youngsters who enjoyed the Antioch Jaycees' baseball trip included (shown at lower right) Tom Poulos, Dan Brown and Henry Gillman.

Corporate Profits Drop This Year

The Federal Trade Commission reports that manufacturers' after-tax profits averaged 3.7 cents per dollar of sales in the first quarter of 1975, compared with 4.8 cents in the fourth quarter of 1974 and 5.6 cents in the first quarter a year ago.

After-tax profits of manufacturing corporations in the first quarter were \$9.3 billion, down \$4.1 billion from the preceding quarter and down \$4.2 billion from the first quarter a year ago.

The FTC is now doing research to determine if some companies' change in their inventory valuation method had an impact on income.

Under the best possible conditions, the unaided human eye can distinguish 10 million different color surfaces. The most accurate photoelectric spectrophotometers, on the other hand, possess a precision probably only 40 percent as good.

Bicentennial Dance Plans Being Made

Plans for the Oct. 11 "Historical Hop" bicentennial dance are being made by the Antioch Mental Health Association.

Mrs. Ray Lorenz, president, said there will be prizes for the best costumes and an 11 p.m.

buffet featuring foods served during Revolutionary days.

Mrs. Lorenz read a letter at the association's Aug. 4 meeting. It was from Dick Lyon of the Waukegan Bicentennial Committee, who said there will be a costume workshop at the Lake County Museum during August. Persons wishing more information can call the museum.

The association received an invitation from the Grove

School, inviting members to a "thank you" picnic this Wednesday at 6:30 p.m. Husbands of members also are invited.

The Grove School parents' club told the association that it may have to close Granger Hall, which houses 45 multiply handicapped young people. Increasing operating costs were cited.

Mental Health Association members voted to help keep the hall open.

How smart businessmen stay in business

They stay well-protected. So a fire, burglary or lawsuit can't tear down everything they've worked hard to build up.

That's why smart businessmen should talk to a Country Companies agent. To find the gaps between your assets and your insurance coverage. Or places where you might save some money by cutting out overlapping coverage.

Then he can help you put all your business insurance into one economical package.

The Country Companies. We're a little different than most insurance people.

Being happy is a choice

By REV. W. LEE TRUMAN

Alice had been very carefully schooled by her mother in the philosophy of: "Be good and you will be happy." Her life had been one of moral uprightness, and I am convinced that she had tried to live her life by the highest moral standards. But Alice had known a great deal of unhappiness.

She could only ask: "Why is life so unfair?" Two months of counseling later, Alice could see that only she was responsible for her own happiness, not circumstances or things beyond her control.

Being happy is as much a choice as was Alice's choice for being good. This is not a chore, or liability, but a delightful experience in living.

People who generate their own inner sunshine make life bright for everyone who comes close to them. Such persons can trust their impulses, enjoy their spontaneity and creativity because, invariably, they have their roots down in a deep, alive faith, and they like and trust the person they are.

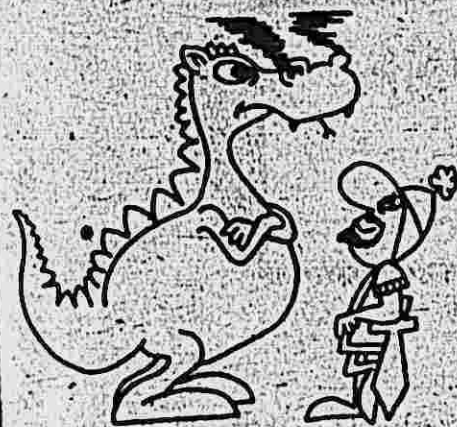

No one can be up, bright, and all smiles when bad luck is coming their way. But a deep happiness is not the result of good fortune; rather it is a virtue and, in the greater sense, a very brave one. Happiness comes with the grace to accept life gratefully and make the most and best of it — thorns, roses and all.

This is what Alice's mother had never told her, and what Robert Louis Stevenson meant when he spoke of his "great task of happiness," choosing to be of a positive frame of mind, even as he knew he was dying of tuberculosis.

We meet men and women we know who have sickness, disappointments, crisis and you marvel at the persons they are. Not only are they brave, they are basically joyful, life-filled persons. Such persons I think not only improve the climate of our world, they put heart in the rest of us to choose to be positive persons.

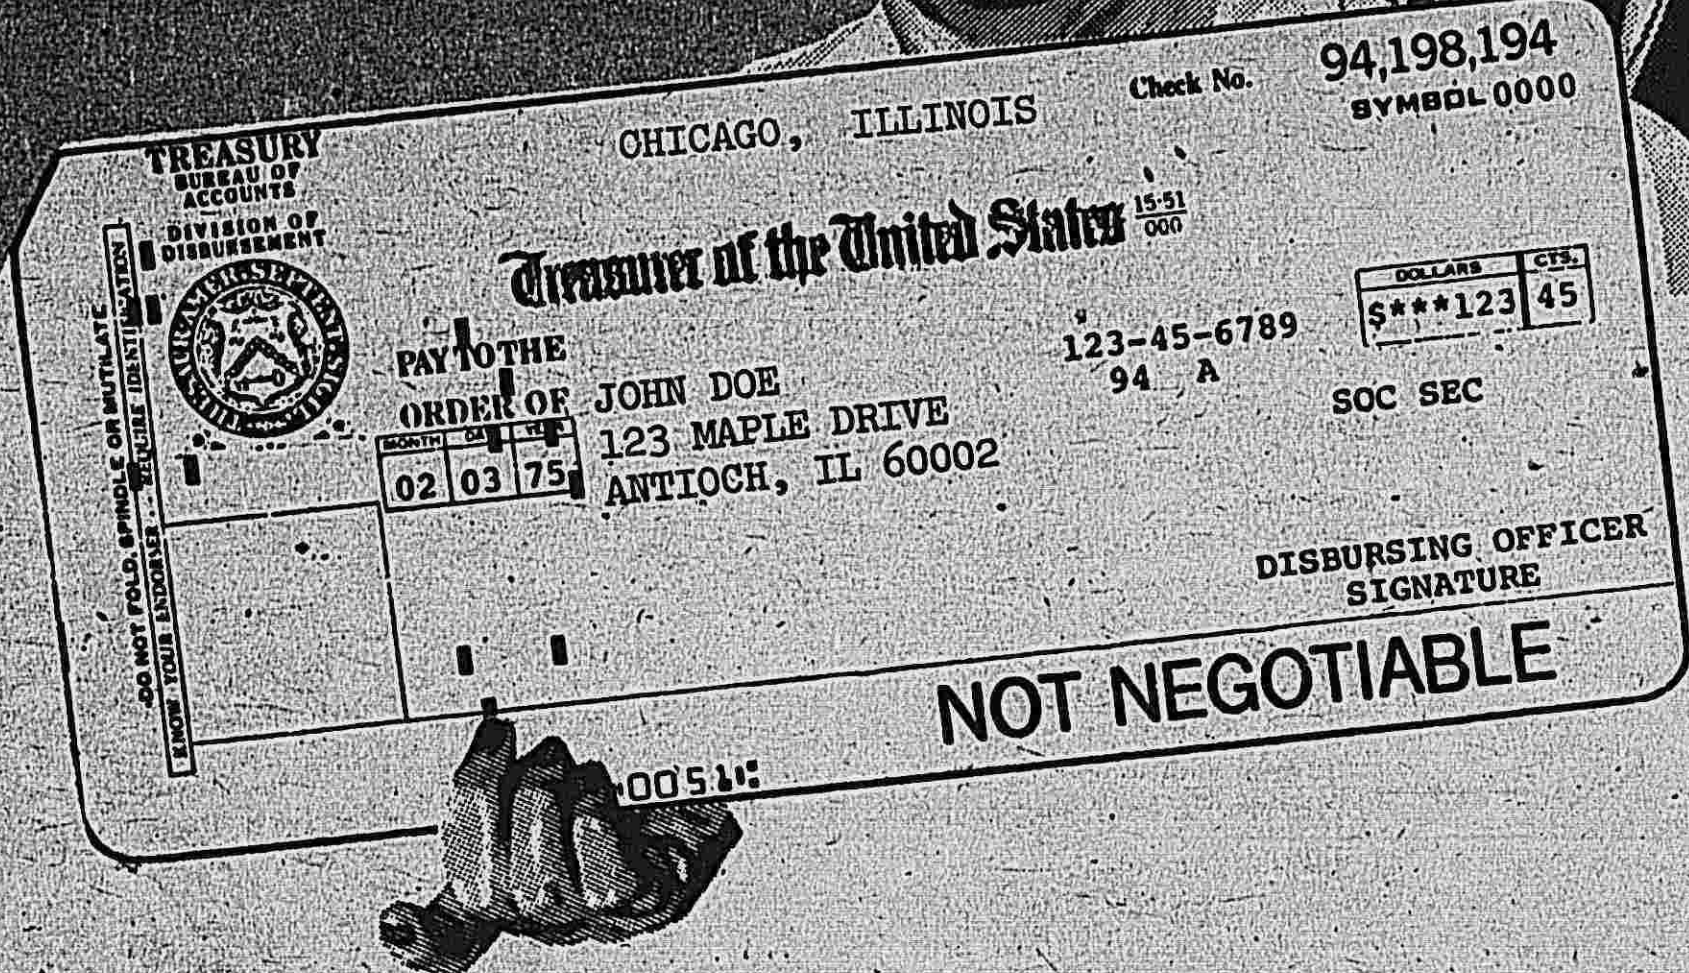

The payoff is that we realize we have lifted someone else's spirits, we get through our own times of trouble much more easily. In short, after 20 years of all kinds of counseling, I am convinced that the deeply happy persons are not the fortunate ones, or the blessed ones, but the ones who have made up their minds to be happy.

Perform a death-defying act.

Stop smoking.

Imagine yourself flying through the air at the net. Newcombe barely got your serve back. With both feet off the ground and arms flying, you make the world's most spectacular angled volley. Winner! The crowd goes wild.

Now quit daydreaming and return to reality. Do you even know how to volley? Maybe not. That's not to say you haven't hit your share of exciting putaways. Everybody has. It's good for the ego to open the throttle occasionally and crunch one. It relieves many suppressed emotions. The problem is that this recklessness is not good for your game.

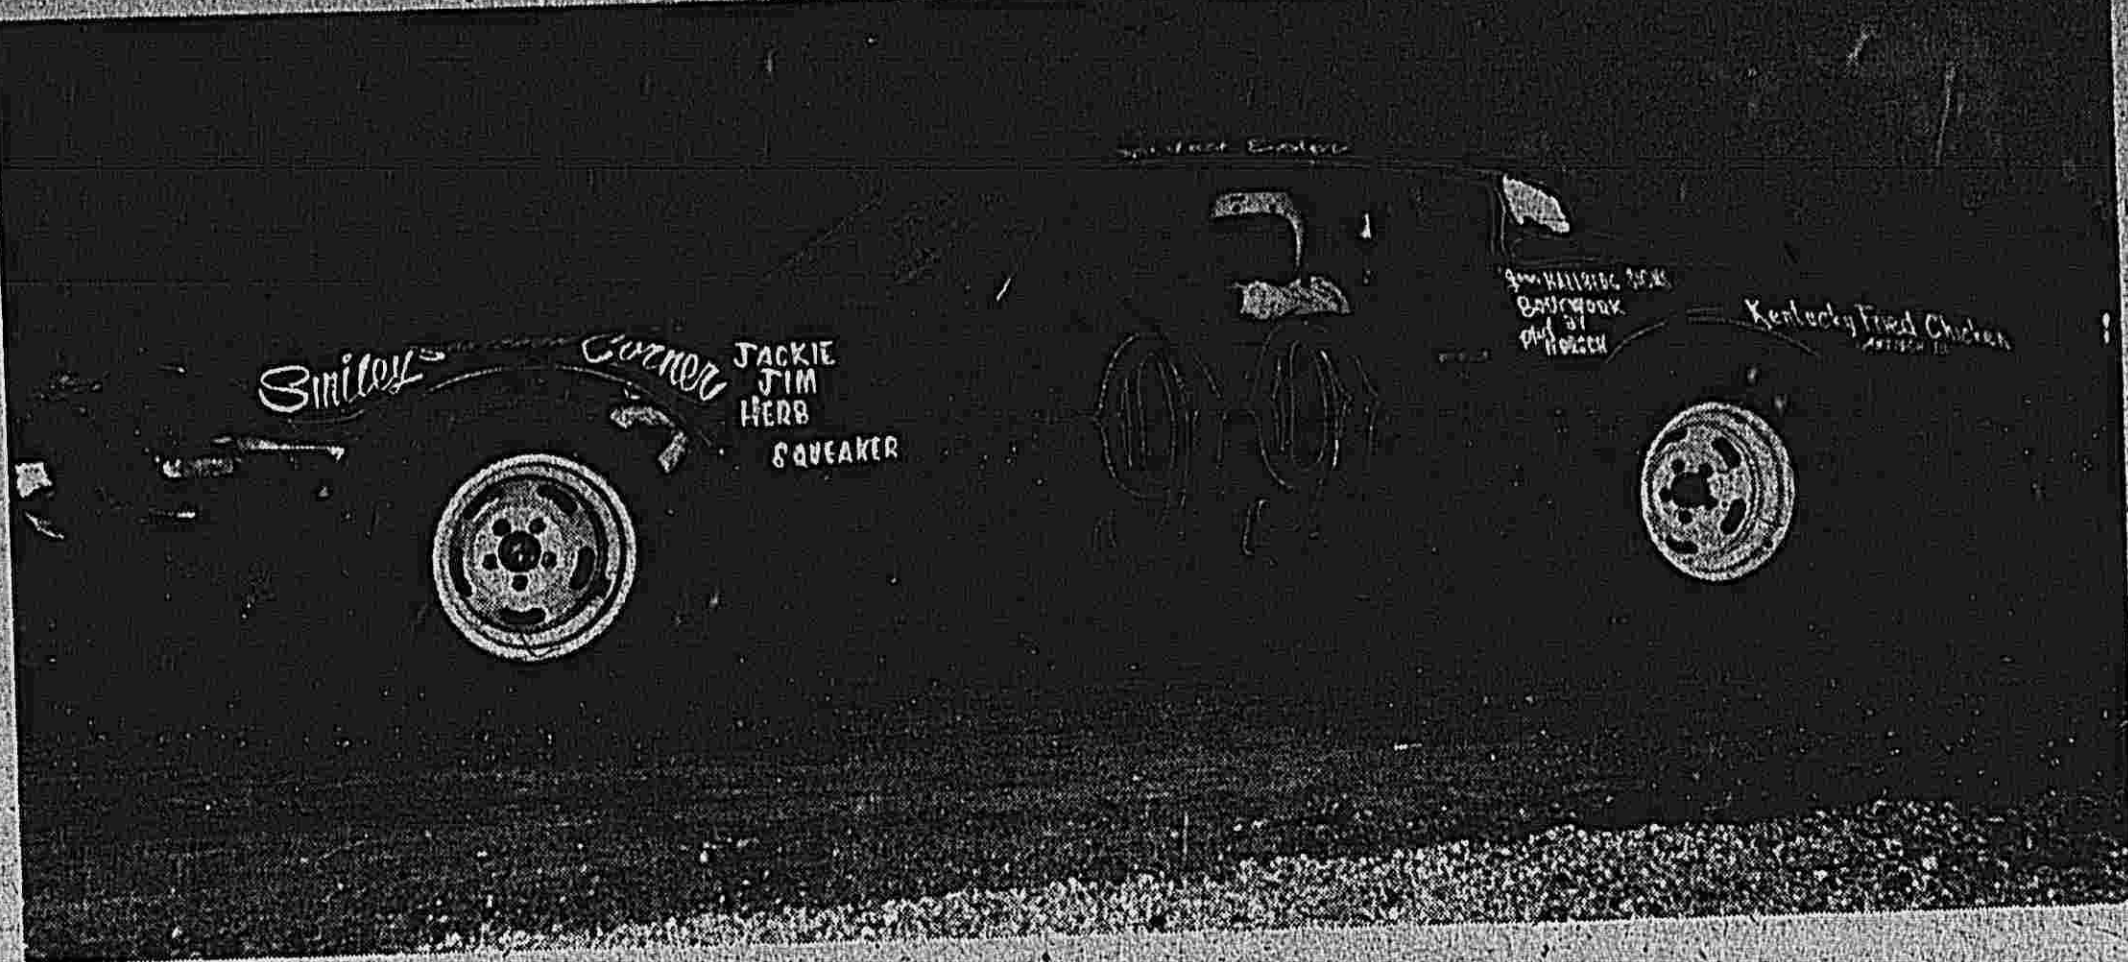

Many silly players thrash around like this constantly. Now and then they get lucky. Their astonished opponent says, "Nice shot!" That motivates them to try again — and again. In the meantime they beat themselves.

It may be time for you to quit trying for the standing ovation and learn how to

volley properly. The following progression is just what you need.

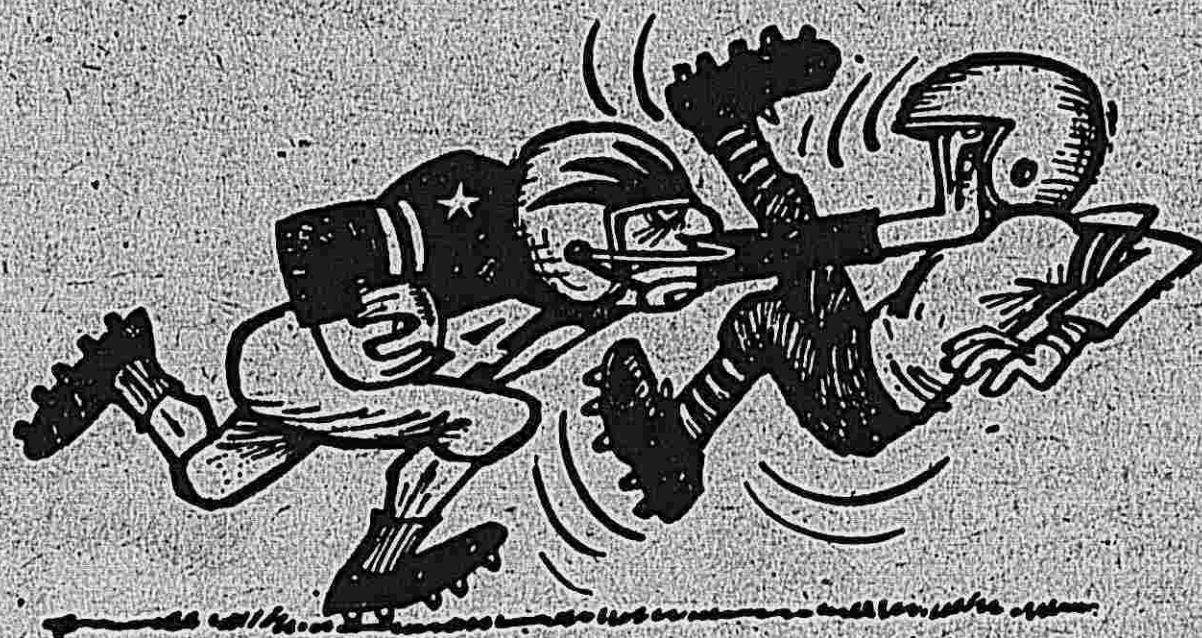

First, understand that the volley is not always a crunching winner. Just because you're at the net doesn't mean you have to be wildly aggressive. Instead, take advantage of your court position and make use of the greater angles that are now open. The volley is a placement and first you must learn how to place it.

ACHS Ready For Football

Antioch High School football players will report next week to get their equipment.

The dates are Thursday, Aug. 14, and Friday, Aug. 15. Coach Roy Nelson has asked candidates to report according to this schedule:

8 a.m. to 9 a.m. - Varsity
9:30 to 10:30 a.m. - Sopho-

mores.

1:30 to 3 p.m. - Varsity and sophomores.

On Friday, Aug. 15, freshmen will report between 10:30 and 12 noon and from 1:30 to 3 p.m.

The first practice will be Monday morning, Aug. 18. Doors open at 7 a.m. and the field at 7:30.

The sound barrier was broken first by a teen-age girl who reached the telephone before it rang.

Vacation For Hay Fever Sufferers

Hay fever can be as troublesome as a severe head cold, at times, and although the condition is usually associated with fall ragweed, it can occur through much of the year.

Many hay fever sufferers arrange to take their vacations during the height of the hay fever season that causes the most problems for them. They seek areas where the pollen count is reported to be low.

States in the U.S. having a low pollen count include parts of Alabama, Arizona, California, Colorado, Florida, Hawaii, Idaho, Maine, Michigan, Minnesota, Montana, Nevada, New Hampshire, New York, Oregon, Utah, Vermont, Washington, Wyoming, Puerto Rico, the Virgin Islands. Nearby Canada and Mexico are also listed among the low pollen areas.

The Thelen brothers, Vern and Ray,
Made this place what it is today,
With an old Ford loader and gravel truck,
Two long-handled shovels and a lot of pluck.

They worked all day and Sundays too;
That's how the business grew and grew.
Now they have Jack and Little Ray;
They are busy running the place today.

Ray Weber and Mike chase after dough;
They all help make the business grow.
Paula Wu and Chrissy too, of course,
Add brains and beauty to the office force.

If you want more and you have less,
This is the moral of their success.
So if you want to do as well,
Grab a shovel and work like hell.

You may practice the following volley drill against a backboard or, better yet, with a partner.

Stand ten feet from your partner or six feet from the backboard. The point of contact for the volley is at eye level so hold the racquet head above your wrist. This is important. The responsibility of bending belongs to your knees.

Pretend you are standing in the center of a clock. Directly in front it is 12:00 and behind you 6:00. The forehand volley is made at 1:30 a.m. and the backhand volley is hit at 10:30 a.m. (The reason you volley in the morning is because you have to catch the ball early.)

Learn the forehand first. Turn the racquet face so it is pointed toward your partner's forehand side. Maneuver the racquet head with your wrist so the face is tilted back, then lock it firmly. The head is up and the racquet well out in front, right? Step forward with your left foot and flex your front knee. Many volleys are low — you'll have to "sit and hit."

Now the fun part. Take a ball and tap it UP to your equally poised partner. Try to keep a volley rally going by gently tapping the ball back and forth.

If your partner misses, it's your fault. Why? Because you didn't tap the ball to his racquet. How many times can you successfully keep the ball off the ground playing forehands? After 15 minutes, try backhands. Change the grip to the backhand and the same principles apply.

Later move farther apart and try mixing them up — both forehands and backhands. This game is called "pepper volley." You can practice it anywhere.

MIKE PERRONE, wearing his cap backwards, was the best dressed player in Saturday's softball game between the village crew and the Antioch firemen. Perrone takes a vicious cut at

the ball much to the admiration of fireman catcher Mike Christensen and plate umpire Dick Kessler.

(By a Very Slim Margin)

Firemen Better Than Village Crew!

There already is talk of a rematch between the Antioch firemen and the village employees.

Last Saturday's softball duel between the two teams was a thriller to say the least.

The firemen upset their mostly younger opponents, 12-11, in nine innings of fun and action at the Little League park.

Scotty Lowe blasted a home run over the left field fence as the village crew took an early lead. Mike Perrone also whacked a couple of homers. But the fire fighters, hustling as if they were enroute to a holocaust, scrambled to a 10-7 lead.

Then Tim Wells, the son of Police Chief Jack Wells, hit a bases-loaded home run to put the village crew in front 11-10 in the eighth inning.

In their last chance, the ninth inning, the firemen put out the blaze. Dennis Volling connected for a home run to tie the score at 11-11, and then the smoke-eaters scrambled to get the winning run.

Both teams were high in their praise of the expert umpiring provided by Mike Haley, Dick Kessler and Eddie Yates.

There was a lot of good-natured kidding emerging from both dugouts and the bleachers as well. Best comment of the night was hurled by mailman Will Gers, who yelled:

"You know how I want this game to end up? No survivors!"

The Antioch firemen have another big softball game coming up soon. They plan to schedule a Sunday afternoon contest with the Lake Villa fire department.

Wilmot Races Attract About 2,800 Fans

The first special barnstorming program staged by the IRA (Interstate Racing Assn.) drew some 2,800 fans Sunday night at the Wilmot Speedway.

Leading the program was a series of motorcycle races, which featured 17 top short-track riders from around the country. Four-time national champion Ray Dropp of Palatine won the 15-lap feature race against a field of drivers from as far away as California.

Other features included a five-lap LeMans-type race, where 14 drivers of supermodified cars raced across the track to their cars; a series of five-lap match races, and a 10,000 penny grab for the youngsters.

Don Collins of Antioch drove the car of Tom Homan, also of Antioch, to a win in a race which saw all drivers switching cars.

CARMEN MANZARDO of Lindenhurst had Lady Luck on his side as he drove to victory Saturday night in a 40-lap feature race for supermodified cars.

Manzardo moved smoothly up from near the back of the field of 18 cars to take the lead on lap 15, only to drop back again when his car overheated and shot hot water onto his rear tires and engine.

Eventually, Manzardo's tire and engine problems cleared up and he jumped back into the lead, winning by a comfortable margin.

The race was Manzardo's first feature win of the season after a series of second-place finishes and mechanical problems.

The super modified semi-feature also proved a wild affair as one car then another spun in almost the identical spot in the first turn.

In all, a total of 12 different spinouts on different laps were

Inner self can be a stranger

By W. LEE TRUMAN, PH.D.

A friend and parishioner was in counselling. Frank confided, "For a very long time, I did not like myself." He was saying this not in self-pity, but simply as an unfortunate fact of life. "To feel like that was very difficult," he related, "and very painful."

Frank had done enough thinking about what this meant, and he continued, "I did not like myself for a number of reasons, some of them valid and some of them pure fancy. I would certainly hate to go back to that way of living."

"I woke up gradually," he continued, "when I discovered with real surprise and pleasure that a number of people did like me. It took me a while to understand that if they can like me, why can't I like myself? Just thinking about it did not do any good, but slowly, somehow, I learned to like myself and when it was all right."

If I could choose a gift to give, this is the one I would begin with. When a person begins to like himself, even a little, the sharp edges of his cruelties and the damaging explosion of his angers can begin to be dulled. Such persons do not need to hurt someone, just to keep their go-chins above water. Accepting the person we are forms a basis for friendship with ourselves, and maybe in the enjoyment of our own company.

As Alfred Lord Tennyson said, "That which we are, we e..." so enjoy yourself, cause you are not only that you are but with the possibility of becoming more.

Working moms — who are they?

While the number of working mothers has increased by 3.7 million in the last 10 years, according to Department of Labor studies, the decision of whether to go to work or stay home depends on the age and number of children.

The likelihood of a woman going to work increases with age of her children, and, according to a government survey, every year added to the youngest child's age increases the likelihood of outside employment by 2 to 3 percentage points.

Special Races
Planned at
Lake Geneva

Special events will wind up the 1975 Sunday stock car racing at Lake Geneva Raceway on Aug. 31.

Promoter Ray Toft of Antioch has announced that he will hold a special open-competition race night for super-modified stock cars on that night.

Joining them in their final 1975 Sunday night appearance will be the sportsman and spectator stock cars. To provide time for the triple-header events, time trials will be held at 6:30 for the super-modifieds and the first race at 8 p.m.

Sunday night, Aug. 24, will see the All-American late model sportsman cars racing in a twin 25-lap championship race.

Saturday night racing for late models and sportsman cars will continue for several weeks before the track closes this season.

Toft-Auto Racing is already making plans to expand its promotional operation to other tracks in 1976.

John Baumeister, Burlington, returned to Lake Geneva Sunday night and repeated the feature race win he nailed down just one week before.

Joe Torie, Lake Villa, was hotter than an August heat wave as he won the 30-lap feature for late model stocks Saturday night.

Washing the car may bring on rain but it's not nearly as effective as walking to work.

Cowslip wine taken at bedtime was once supposed to cure insomnia. Of course, enough of any wine will cure insomnia!

CHANNEL LAKE CHATTER

Gary and Dona DeWitt and children Chris and Vicky recently returned from a two-week vacation out East.

The highlight of the trip was a visit to Colonial Williamsburg where they saw how we truly lived 200 years ago.

Dona also enjoyed showing her family where she grew up as a child and the school she attended. They brought home many souvenirs that will remind them of their trip for years to come.

WAYNE AND Dolly Bobo returned Saturday night from a two-week trip out West. They spent five days in Oregon visiting Wayne's aunt and uncle. They dined in the Space Needle in Seattle and, while in Montana, their car was broken into. The thieves took their new movie camera and projector, plus a CB radio and about \$150 worth of souvenirs they had

purchased for family and friends.

They had a marvelous time anyway and will be talking about the trip for a long time to come.

THE John Runyard and Donald Bjork families spent some time at Six Flags in St. Louis. The Bjorks also went to Carbondale, visiting their son John and his wife Stephanie. While at Six Flags the group was joined by former residents Rich and Kathy Behrens and children.

Bob and Lorraine Lemke, children Jeff, Susan and Tom, and Dorothy Furman and Dorothy's son Eric Enzenbacher spent a long weekend camping at Castle Rock, Wis. They were joined by John and Marg Runyard and family and Rich and Kathy Behrens. The group enjoyed wonderful weather and a great time.

MR. AND MRS. Bernard Gutowski, Jean and Frank Benes, Bernie Gutowski, Delores and Mel Stillson, Joe and Louise Gutowski, Barbara and Les Miller, and Pat and Ron Serwa attended a very large family reunion in Stanley, Wis., July 26.

The reunion was in honor of Mom Gutowski's mother, Anna Symbol, and her two brothers, and was attended by about 350 relatives.

The day started with a 1 p.m. Mass, followed by a social hour and a delicious Polish dinner and dancing into the late evening hours. The only sad part of the event is that Busha Symbol, "Grandmother" who was 84 years old that day, was in the hospital and unable to attend. The family visited her in the hospital and we are happy to say she is getting along very well.

CONGRATULATIONS to Judy Gossman and Barb Bailey, whose many hours spent this summer managing the pre-teen girls softball team really paid off. The girls presented them with a first place trophy.

And now for some good news and some bad news. First the

good news, Kathy Chase is well on the road to recovery after a four week bout with rheumatic fever. Now the bad news. While working with a chain saw last Sunday, Kathy's dad, Tom Chase, nearly lost a finger when the saw kicked back. The wound required 16 stitches to close.

JOE GUTOWSKI had to have a skin graft on the third finger, left hand, at Victory Memorial Hospital. Joe received an electrical shock from his wedding band at work two weeks ago resulting in a very bad third-degree burn. Needless to say he is not wearing his ring anymore. I think since it happened everyone read the article in a recent Dear Abbey column about accidents that

can happen to men on their jobs wearing wedding rings because that is all we have heard about.

WELL, IT'S that time again. Next week there will be school registration at Channel Lake grade school. Registration has been scheduled for Tuesday, Aug. 19, from 9 a.m. until 12 noon and from 1 p.m. until 3 p.m.

On Wednesday, Aug. 20, it will last from 12 noon till 3 p.m. and from 6 p.m. until 9 p.m.

All kindergarten and 5th grade students are required to have physical examinations from their doctors.

Let me know the news, because without you I have no column.

Luncheon Tickets Going Fast

By BETTY HOPE

Tickets are going fast for St. Peter's annual Salad Bar Luncheon to be held this

Saturday at 12 noon in the social center.

A wide variety of taste-tempting salads will be offered, along with ham, meatballs in a very special sauce, and a delicious array of cakes for dessert.

Special consideration will be given to the working girls of Antioch who come on their lunch hour. Just mention that you are on your lunch hour and you will be allowed to go to the buffet table without waiting.

Feminine Fashion Tricks by Ilene Abrams will follow the luncheon. Ilene will entertain with her wit, beauty tips and fashion hints. Hear tell she even has a tip or two for the men, so bring your husbands along.

Tickets are available at the Antioch banks, St. Peter's rectory and will also be available at the door. The donation is \$3 and children under 12 will be admitted for \$1.50. All you can eat at bargain prices.

Restorations

Your cherished memories don't have to stay tucked away in that attic trunk or in the old family album you pored over as a child. They can be made to glow again in an honored place in your home or as a gift to someone dear.

Stop in soon and bring your old photographs for an estimate

Jones Stars Again In Waukegan Races

Tom Jones won his 14th Waukegan Speedway feature of the year Sunday night as he passed early leader Carl Major with just five laps to go in the 30-lap race.

Ray Young, who set fast time and won the fast heat race, was sidelined in the 13th lap while running second with a drive-line problem.

Jones also took the trophy dash. James Bond and Young won the late model heats and the accident filled 12-lap semi-feature saw Lee Schuler score and win after Phil Mass

spun out. Tom Hrischuk escaped injury in the semi even though Dennis Perzely's car crawled into his driver's window.

Jim Naset, the current hobby point leader, won the 12-lap feature by avoiding numerous accidents and then overtaking Bill Learsch in the final lap.

The hobbies will race in a special season championship card on Friday night, Aug. 29. A

demolition derby and powder-puff race will also be on the card.

Racing continues this weekend with late models and hobby stocks on both Saturday and Sunday at 8 p.m. Three special nights of racing will be run over the Labor Day weekend, starting on Friday night, Aug. 29.

Saturday night, Aug. 30, will feature a 50-lap Carling's

championship race and Sunday night, Aug. 31, will include two 50-lap late model features.

TOM JONES trimmed nearly eight seconds off the 50-lap record at Waukegan Speedway last Saturday as he drove his white Stock Car Enterprises Camaro to victory in the Furlan Dug-Out August championship before a large crowd.

Jones, driving with a sprained

wrist following a heat race accident, charged in front on the third lap and was never challenged.

Ray Young was Jones' closest competitor through the evening's card. Young set fast time at 13.92 while Jones timed in at 13.93. The trophy dash went to Jones with Young right behind.

The fast heat saw Jones and Young side-by-side coming for the checkered flag when the two sideswiped with Jones spinning wildly into the infield while Young recovered for the win.

Ready for White Sox Game

The Antioch Little League, Minor League and Babe Ruth teams will be traveling by chartered bus this Saturday, Aug. 16, to Comiskey Park to see the Chicago White Sox play the Boston Red Sox.

The buses will be leaving at 10 a.m. from the Antioch Little League field and will leave promptly at 10:30 a.m. All boys who played baseball this year are eligible. The price is \$3 and the boys are asked to bring a sack lunch.

Openings are still available and those interested should contact Mr. Blanchette 395-0136; Mr. Berchtold, 395-2224; or Mr. Gutowski, 395-0864.
